Dear State Employees:

As you can see, the 2002 CCC brochure has a new format - combining two documents into one; giving you more information on the charities that you can contribute to; showing you how to fill out your pledge card - and it can be recycled. Payroll deduction is the choice of most state employees and is a very affordable way to give each month through your paycheck. We have added the option to donate with a credit card. Cash and checks are also welcome.

The Colorado Combined Campaign board has made another change - we have a new campaign manager - for the first time in 14 years. Our new campaign manager is the Partnership for Colorado Campaign Coalition (comprised of Community Health Charities of Colorado, Community Shares of Colorado and Caring Connection). The board is very pleased with their performance, which gives our campaign a renewed enthusiasm and can-do attitude, as we celebrate our 15th anniversary. I think this will be very evident throughout our 2002 campaign!

Each year, state employees continue to be more generous and caring. Please take a few minutes to read fellow employees' power statements on why they donate to the CCC. I am proud to be a state employee and feel very fortunate that I have the opportunity to give to the CCC. I hope you will feel the same way and join me and other state employees who are coming together, building stronger Colorado communities through their support of the Colorado Combined Campaign.

Debbie Curtis  
Chair, CCC Advisory Board

Colorado Combined Campaign 2001 Results

- The Colorado Combined Campaign raised \$1,404,765.
- 16% of Colorado State employees were donors.
- Campaign costs for the 2001 campaign were \$128,536 or 9.6% of the campaign achievement.
- Approximately 90% of Colorado State employees who donated to the CCC designated to Umbrella Charities and individual charities.
- The remaining 10% was undesignated and was spread among all charities in the campaign that received direct designations, to “mirror” their designations.
- Organizations that received no designated dollars during the campaign, did not receive any dollars through CCC.

Umbrella charity headquarters dot the state, virtually corner to corner, bringing charity services to residents statewide. The following chart shows both designated and undesignated contributions from the 2001 Colorado Combined Campaign. Payments to these charities are continuing throughout the calendar year of 2002.

Employee contributions can be directed in one of three ways:

- To the CCC
  - To an Umbrella Charity or several Umbrella Charities
  - To one or more individual charities
- Employees will receive a brochure listing all charities and descriptions of what each does, which are approved yearly by the Employee Advisory Board. Employees are encouraged to support their favorite charities through the CCC. All contributions stay in Colorado.

Leadership Giving Club:

The CCC has two levels of Leadership Giving. Donors contributing \$500 - \$999 are at the Silver level of Leadership Giving and \$1,000 or more are at the Gold level of Leadership Giving.

MESSAGE FROM THE 2002 CO-CHAIRS

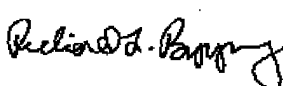

The record \$1,404,762 raised through the 2001 Colorado Combined Campaign (CCC) changed countless lives. Through the renewed - and on-going - commitment of state employees, families building new lives found shelter, the sick needing assistance found basic care, and youngsters feeling hunger found sustenance - both physical and emotional.

The over 600 non-profit agencies that are taking part in the 2002 Colorado Combined Campaign provide a safety net of services throughout the state - services that support those in need and strengthen both individuals and communities. Participating agencies must apply each year to the CCC and are included only after careful screening by the CCC Employee Advisory Board. Their accountability to us - and ours to you - remains paramount.

Select the charity you want to support. Each dollar you contribute stays in Colorado. And, should you ever need assistance, every program and service offered through the Colorado Combined Campaign is available to you.

Take time to read the many “power statements” in this brochure from your fellow State employees. You will see that your donations really do make a difference. We invite - and encourage - you to make a commitment to your Colorado Combined Campaign.

**6 Colorado Combined Campaign**

I give to the CCC because I know there are agencies out there that care and can give assistance to people in need. When my son was an infant, I found childcare through the United Way because I could not afford a daycare center at the time and for that, I will always be grateful. I've toured agencies that rely on the CCC funds and see what good they can do. The old adage says, "the more you give, the more you receive." I think this holds true with giving to the CCC. Claudette M. Ferris, Department of Public Health and Environment

As a child I grew up on welfare. On holidays & other times of the year we were helped by people we didn't know. The help made our lives better. I help because maybe I can enrich some child's holidays. Deb Shaw, Department of Health and Environment

The thing I appreciate the most is the ability to choose where my money goes. Instead of it going to a general fund, I can specify an organization from my home town to receive my pledge. I also think this is a very convenient way to regularly contribute to my community. By having monthly deductions I never notice the money being gone, yet I know, that at the end of the year, I have made a significant contribution.

Five years ago I lost my 45-year-old sister to liver cancer; last year I lost my dad to prostate cancer. Thanks to Hospice...we were able to deal with these tragedies a little easier...Through it all, Hospice nurses were there giving my loved ones care and comfort, comforting the rest of the family, letting us know what to expect. Watching death by cancer is very frightening to the survivors...but Hospice made it possible for us to get through it...Hospice is a wonderful group, and I'm glad to support it in any way I can.
